Partnership information

Top Rent-A-Car is one of the leading car rental companies in Bulgaria and one of the fastest growing car rental companies in the Balkans.

Our company operates with the largest car fleet in Bulgaria, most of the cars were bought brand new in the last year. We cover the whole Bulgarian territory with our offices in Sofia Airport, Varna Airport, Burgas Airport and seasonal offices in Golden Sands and Bansko. Learn more about our company on our [“We guarantee!” webpage!](#)

## Booking widget integration

You can improve the functionality of your web site by adding car rental service and integrate Top Rent-A-Car Booking Widget. It is unique way to enhance your web site traffic and your loyal visitors` number. It is also a way to have some additional profit from the commission for every reservation made through the booking widget. We offer you different kind of widget customization – Private Label, Branded or not. The widget will be customized with your web site design colors. Offer your audience the availability to book a car and let us deal with it. Your responsibility when the reservation is confirmed is only taking your commission.

When a customer visit your website and make a booking through the booking widget he/she receive unique ID tracking code. When the customer receives booking voucher, your name appears as Referral.

Become part of our affiliate program, fill up the quote and we will give you detailed information about the reservation process and how to get your booking widget.
